MARK BEST ROADS TO COUNTY TOWNS

CHAMBER OF COMMERCE WILL ERECT SIGN BOARDS

WILL ALSO ISSUE MAPS

Road Survey Committee Secures Co-operation of Other Towns—Expenses Will be Light

With the assistance of citizens of other county towns, the Maryville Chamber of Commerce has started a movement to mark all the roads in the county leading to and from the county seat. The best road to each town will be marked with signs bearing the name of Maryville and the other town, with arrows indicating tre direction.

A road survey committee from the Chamber of Commerce visited Wilcox Burlington Junction, Clearmont, Elmo, Quitman and Skidmore yesterday. In each of the towns their proposal was cordially received, and contributions were made to defray their share of the cost of making the signs which will bear the name of their town. The rest of this expense and all the costs of erection will be borne by the Maryville Chamber of Commerce.

It is also planned to issue maps showing the best route to every town in the county from Maryville. These maps will be printed in circular form and distributed free at all gasoline filling stations, garages, hotels and other places where tourists stop. They will also contain the traffic regulations of Maryville which will be complied by Mayor F. P. Robinson.

The road survey committee is composed of Fred Diss, chairman, L. J. Kraft and Secretary George Pickens. The last two and Ralph Marcell and Albert Kuchs composed the patry which visited county towns yesterday. Every town in the county will be visited sometime soon and given an opportunity to join in the road marking. The road survey committee will select the roads to different towns to be marked and find out the number of signs needed for each town.

The signs will be 12 inches by 24 inches, made of resawed white pine lumber, painted two coats of white paint and stenciled with the name of Maryville and one other town. They will be placed on the right side of the road leading from Maryville. At least three signs to the mile will be used, although it was the opinion of many merchants yesterday that well marked corners would suffice.

Most of the work on the signs will be contributed by volunteers from Maryville. A sign building committee will be appointed to get the volunteers, and an errection committee will secure as many assistants as necessary. Each county town is asked to pay only its share of the cost of the signs which bear its name. The names of the business men who make the donations will be published when the list is complete. Under a provision in the state law, the Polk Township Board at is meeting Tuesday night appropriated $50 for the road marking fund.

In addition to marking the roads leading to Maryville, the Chamber of Commerce will place signs at some branch roads which lead to other towns.

"CORN CURE" WAS NOT FOR CALLOUSES OF THE STOMACH

Mayor Robinson is Suspicious of Couple Selling Strange Compound —They Leave Town

A man and a woman were borught before Mayor Robinson this morinng on a charge of selling a suspicious looking mixture without a license. They entered a plea that they manufactured the compound, which they alleged was a corn cure, and that since they made it themselves they were not required to have a license.

The mayor took a bottle of the compound and looked it over and smelled it. He then asked if it was good to drink. The man indignantly replied that it was for external use only. After questioning them as to their whereabouts on Tuesday night the mayor sent Chief of Police Tilton to the post office to see if they had sent away any packages in the past two days. The chief reported that they had not and they pleaded with the mayor to let them leave on the next train. After they had promised never to return they were released saying that they were going to Bedford.

The couple gave the names of Mr. and Mrs. E. D. Morris. They admitted they had left Kansas City at the request of the police department tLer Besides the "corn cure" they are selling a liquid under the name of "Morris Rattle Snake Liniment", which is represented to "relieve muscular rheumatism, soer throat, toothache, headache, cramps in the stomach, dysentery or diarrhoea, bites of insects, frost bites, bruises, sore and tired feet or whatever the complaint may be that gives you pain."

TEACHERS' COLLEGE GIRLS PLAY FOR SINGLES TITLE

Experienced Players Promise to Provide Good Matches—Beginners Doubles End Today

The first girls' singles tennis tournament for the summer will start at the College Monday. There are eleven girls entered and among them are present champions, former champions, runners-up, and other good players.

The first round will be played off at 6:30 o'clock Monday evening. The drawing was done yesterday and the girls are matched as follows:

Lucile Bonham vs Helen Dean.
Ora May Condon vs Hester Craynor
Ellen Sheley vs. Helen Miller.
Wave Hulet vs Ruth Miller.
Norma Goodsped vs Ellen Mitchell.
Gladys Bookman receives a bye and plays the winner of the Goodsped-Mitchell match.

Hester Craynor won the girls' singles tourney last summer. She ran up against stiff competition but won in the finals from Helen Miller.

Ruth Miller was champion of Maryville High School this spring and last, and both times won the girls singles at the Northwest Missouri tourney.

Wave Hulet won the girls singles at the College this spring in two tournaments. She was also on the tennis team sent this by the College to Kirksville to compete in the M. I. A. A. Tournament.

Ellen Mitchell was joint winner of the first mixed doubles tournament at the College early this spring.

Ora May Condon was joint winner in the final mixed doubles tournament this spring and was runner-up in the first summer tournament.

Helen Miller was joint winner of the summer mixed doubles tournament.

Lucile Bonham was runner-up in the second girls singles tourney this spring.

Gladys Bookman, Norma Goodspeed Ellen Sheley, and Helen Dean are all experienced players. From such an entry list this should be the best series of girls matches ever played on the College courts.

The feature match will probably be between Ruth Miller and Wave Hulet. From all appearances the former has a slight advantage. There is no doubt that thewinner ofthis match will have a good chance to win the tournament.

The finals of the beginners doubles tournament will be played off this afternoon between Georgia Rigney and Violet Brock against Faye Townsend and Bernice Rutledge.

In the semifinals Misses Brock and Rigney defeated Misses Ratliff and Hahn 6-1 6-0 and Misses Rutledge and Townsend won from Misses Ratliff and Crowson 6-3 6-3.

All of the girls in this tournament are just learning the game. There is no one of them who has ever played before this summer. Miss Mary MacLeod has charge of the tournaments and she is bringing the beginners up to form in short order.

COUNCIL TO REVISE PARKING ORDINANCE

TO RELIEVE TANGLE OF CARS ON MAIN STREET

MAY MARK OFF SPACES

Persent Rules Provide for Center Parking On Main Street From First to Sixth

Revision of traffic and parking ordinances will probably be discussed at the next meeting of the City Council when it meets the first week in July. Present ordinances have been made antiquated by the increase in the number of automobiles since the present rules were laid down.

E. E. Tilton, chief of police, has had much trouble handling the movement and parking of cars, especially on band concert and Saturday nights. There have been as many as five rows of cars in the center of Main Street between Third and Fourth on these evenings, leaving a very narrow space on each side for moving traffic, and making it almost impossible for owners who park their cars properly early in the evening to get them out later.

"Everybody seems to think that they must leave their cars in this one block", said Marshal Tilton.

The line of the cars also frequently extends almost to the center of the street intersections, making it dangerous to attempt to turn a corner. Several minor accidents which have occurred recently have been traced to this condition.

The present parking ordinance reads as follows:

"All persons operating motor or other vehicles of any kind or character within the corporate limits of the City of Maryville and who shall leave such vehicles standing or parked on Main Street between the intersections of First Street and Sixth Street with said Main Street shall park such motr or other vehicle in the center of said Main Street between lines to be designated by the street commissioner, said vehicles to be left standing at an angle slightly varying from a right angle with said Main Street.

"Provided that no automobiles or vehicles be parked in front of a building in course of construction or within twenty-two feet of said building on either side of said street."

The intent of this ordinance, say the officials, was to direct the parking of cars in a single row in the five blocks designated. The city, however, has been negligent in marking off the spaces for the cars parked, as provided in the ordinance.

"There is plenty of room around the square and on the side streets to park these care that are left jammed together in front of the Courthouse," says Mayor Robinson. 'I don't know just what action we will take, but we will revise the ordinance and probably mark off the spaces for the cars".

Another suggestion that has been made is to give drivers on Main Street in the business section the right of way over cars going east and west. On other streets the car on the right will probably continue to have the right of way.

SHAKESPEAREAN PLAYERS PLEASE LARGE AUDIENCES

New York Company Presents Able Reproduction of Plays of the Illustrious Bard

With a strong, well balanced cast, the Shakespearen Playhouse Players of New York pleased two large audiences in the auditorium of the State Teachers' College yesterday afternoon and last night.

At the matinee the company presented "Twelfth Night" and at the evening performance "Hamlet". The former was perhaps the best received because of its lightening touches of humor. The evening audience, however, fully appreciated a masterful presentation of the heavier play.

The Shakespearean Players were brought to Maryville through the State Teachers' College. While their visit was secured primarily for the summer term students, a large number of townspeople were in the audience at both afternoon and evening performances.

TWO AUTOS SKID INTO SAME DITCH

SLIPPERY ROAD CAUSES DOUBLE ACCIDENT NEAR WILCOX

QUITMAN WOMAN INJURED

Mrs. Minnie Rodman Had Two Broken Ribs but Other Occupants Luckily Escape

Two cars skidded into the same ten-foot ditch about 6 o'clock last night at the Vert farm, one mile and a half southwest of Wilcox, seriously injuring Mrs. Minnie Rodman of Quitman, who suffered two broken ribs, a long gash on her arm and numerous other bruises, practically no injuries were received by the other occupants.

Mrs. Charles Grimsley, of Quitman, daughter of Mrs. Rodman and driver of the first car, and her 3-year old daughter, Mary Katherine, and J. F. Roelofson of Maryville, the only occupant of the secondd car, were the ones who were practically uninjured. Mr. Roelofson suffered slight injuries to his shoulde rand the little girl received several scratches.

A hard rain in that vicinity which made the roads slick, caused both accidents. The Grimsley car turned over several times before striking the bottom of the ditch. Mrs. Rodman, who was most seriously injured was taken to the J. E. Sawyers home nearby, where a doctor was called and she was given medical aid. Later Mrs. Rodman, Mrs. Grimsley and the little girl were taken to their home at Quitman.

Mr. Roelofson's car skidded in the ditch shortly after the Grimsley accident and the cars were within a few yards of one another J. E. Sawyers, Allan Haller and A. J. Holt, all living in that vicinity, were the first rescuers.

The cars were not badly damaged and were not taken from the ditch until this morning. The Grimsley car had a broken top, windshield, and steering wheel. It lit right side up in the ditch. The Roelofson car was brought in under its own power.

Is One of Shortest on Record —Future in Doubt

Washington, June 23.—It took Rear Admiral William Sowden Sims just two minutes by the clock today to explain to Secretary Denby his famous jack-ass speech in London which resulted in his leave being cancelled and his being preemptorily ordered to return to America.

Sims informed Denby in one of the shortest interviews on record that he had been misquoted by the press in reports of his speeches cabled this country whereupon Denby asked him to reduce his explanation to writing. That ended the carpet session, from a personal standpoint at least.

Secretary Denby would give no hint as to the nature of his future action in the case.

UNCLE GEORGE RACE ATTEMPTS SUICIDE

AGED DAWSON RESIDENT LIVES WITH BULLET NEAR BRAIN

MENTALLY UNBALANCED

Family Heard No Shot and Doubt Victim's Story but St. Joseph Doctors Find Bullet.

After shooting himself through the mouth with a small rifle last Friday, "Uncle George" Race of Dawson is still alive, and the bullet lodged behind the eye, has apparently inflicted no serious wound.

Race is 79 years old and is said to be mentally irresponsible. He has been a used of alcohol and recently became addicted to drugs. He frequently talked of killing himself, according to neighbors.

There were no witnesses of the shooting and some members of the family doubt whether the shot was actually fired. Race came into the house Friday claiming he had shot himself, according to Mrs. C. T. Wiley a daughter, who lives in Maryville, but no one heard the shot. They were within a hundred feet of the spot where he claimed to haveattempted suicide, the daughter said.

The victim was taken to St. Joseph Saturday night, where doctors are said to have located a bullet lodged behind one eye, near but not penetrating the brain. Race, however, appears vigorous and in no immediate danger of death.

A small rifle was kept about the house but Mrs. Wiley did not know whether it contained empty shells.

Dawson is a community about two miles northwest of Burlington Junction.

TO LET JUDGES FINISH TERMS IN NEW BILL

Jefferson City, June 23.—In the new judicial redistricting bill to be framed by Representative Elmer of Dent County, a provision has been made to permit all circuit judges in the old districts to serve thei rterms of office. Elmer said he soon would begin framing that measure and the one for the congressional redistricting, submitted by the governor to the special session.

FOR ACTION ON REDISTRICTING

Governor Sends Supplemental Message to Legislature.

Jefferosn City, June 23.—The governor, in a supplemental message to the legislature yesterday, asked that action be taken on the congressional redistricting of Missouri. He suggested that the present sixteen districts be retained until congress makes a new congressional apportionment.

Congress was expected to act last spring, reducing the Missouri districts from sixteen to fourteen. Nothing has been done. This is the last legislature before the 1922 election.

If congress does act before the next election the governor believes a board or commission will be provided in Missouri to do the redistricting. In that event, he said new congressional districts then may be established in conformity with action of congress.

Mrs. L. R. Slonecker of Omaha, will be a guest next week of her sister, Mrs. Roy Wolfers, of Pickering.

DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's Disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Maryville case.

Mrs. Hulda E. Blachley, 303 West 4th St., says: "Doan's Kidney Pills are without a doubt the finest kidney and bladder remedy of today. Several years ago I was in a bad condition due to sharp twinging pains which caught me in the small of my back. My back pained and became very lame and sore. Dizzy spells also came over me and floating specks would appear before my eyes. I felt very weak and miserable. A friend who had heard of my trouble advised me to try Doan's Kidney Pills and I purchased a box from the Rexall Drug Store. The first box of Doan's brought me such great relief that I continued using them and after I had used three boxes I was completely cured. I highly recommend Doan's to anyone with kidney complaint."

JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. BENZ, 131 3rd Ave., Altoona, Pa.

No woman can realize the joy and happpiness this healthy babe brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from any ailments peculiar to her sex, as indicated by backaches, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

RETURNS FROM HEAD CAMP OF M. W. A. AT ST. LOUIS

The Rev. J. M. England Tells of Changes Made at Annual Meeting of Governing Body

The Rev. J. M. England attended the Head Camp of the Modern Woodmen of America in St. Louis this week. The Camp in session Tuesday voted to e tend the age limits for beneficiary members from 17 to 16 years and from 45 to 50 years, allowing policies to be written for those persons who come within the new range.

Head Clerk, J. G. Ray of Rock Island, Ill., who presented the first report placed before the convention the primary business problem with which it must deal. The war and the influenza epidemic precipitated a crisis in the affairs of the Woodmen. Ray explained, necessitating voluntary subscriptions to absorb the heavy losses due to the increased mortality rates. As soon as the losses were adjusted by actuaries the premiums on insurance had to be raised resulting in the loss of more than 20,000 members. The Woodmen lost approximately 2,000 by war and 6,000 influenza, forcing payments of more than $10,000,000.

The Head Camp, he declared, must proceed to put its house in order by considering the various increases which have been made necessary and by passing upon recommendations for amore careful regulation of memberships.

A decision against any increase in insurance rates and refusal to grant insurance to men engaged in certain occupations considered hazardous, were among actions taken yesterday at the convention.
